About IMAA

The Institute for Mergers, Acquisitions and Alliances (IMAA) is an international think tank for Mergers & Acquisitions. We help organizations and individuals to advance their M&A capabilities and be part of our global M&A community.

Established more than 15 years ago, the Institute has built the largest and best faculty pool from around the world sharing their insights and know-how.

As the leading M&A education provider and globally active institute, our programs offer a wealth of experience and know-how for professionals around the world.

Program Description

The forces of globalization and technological change have created a highly competitive and dynamic business world where mergers and acquisitions are increasingly used to seek competitive advantage and maximize value for shareholders. Treating M&A as a strategic capability can give companies an edge that their peers will struggle to replicate.

The Mergers & Acquisitions Professional (M&AP) is a program designed to meet the needs of auditing, consulting, deal advisory, investment banking, and legal professionals. The M&AP covers all aspects of the transaction process and provides insight into running a successful M&A boutique. Gain knowledge in best practices for the M&A process, valuation, due diligence and also for a unique module on Running a Successful M&A Practice. Gaining the M&AP designation signals to employers, colleagues and clients that you invest in being the best M&A practitioner you can be.
